Hi Westley,

I could really use your help in making sure all of the Bristol Bay tribes received the message and are aware of this visit. This might mean a lot of phone calls. I have a meeting in a few minutes but we can talk after. We are trying to get a handle on who will actually be traveling to the meeting.

Thanks!! Tami

Hey Tami,

I'm just returning from Travel and received this email. I see that you sent the email out to the group and all, so I'm wondering if there is anything else you need from me.

Thanks,

Westley Foster

Subject: Administrator Visit to Dillingham

Hi Westley,

I have been tasked to organize the Dillingham portion of the Administrator's visit to Alaska. She will be visiting Dillingham to hold a Proposed Pebble Mine Listening Session. Today at 130PM AK Time I will be meeting with BBNA, the Watershed Council, Curyung and possibly the City of Dillingham. Anyhow, I haven't had a chance to call you yet because I have been buried. But I wanted to let you know this is going on. If you could provide a summary of major environmental issues of the region and any other hot topics that might come up at the meeting that would be great. The meeting will be focused on Pebble but if there is anything that might come up we should let her know ahead of time.

Also, a short sentence or two about what the GAP grants are doing in Dillingham. BBNA, Curyung, BBBC any one else? How long have they had GAP, how much is their current grant, and what are the commitments they plan to achieve.

Briefing papers are due Friday so if you could provide by Thursday that would be very helpful. That way there would be time to see if any clarification is needed.

Thanks - Tami
